INDIVIDUAL SOLUTIONS

The company HD-Logistics has specialized on moving commercial vehicles by driving them on their own wheels.

In order to meet the requirements of our clients and to ensure a proper and reliable service we are providing our own trained and experienced drivers.

We are able to deliver your vehicles such as truck heads, chassis, buses, cranes, drilling rigs etc. to all destinations within Europe and abroad.

Our service includes the whole package so that our clients are able to focus on their daily business.

Certificate management system as per
DIN ISO 9001:2015 in accordance
with TÜV - NORD.

COMBINED TRANSPORTATION

There is no remote destination which we may not reach.

We are combining all modes of transportation such as:

- Transfer on own wheels
- Ro-Ro shipment
- Transportation by trailer
- Railway transportation
- Ocean and Air freight

The whole transport process will be organized and planned by HD-Logistics in order to ensure a proper and reliable service to our clients.
